

Faith, family and charity

are the core values that we are devoted to.

Every person deserves to have dignity, the opportunity to thrive and pursue their unique purpose regardless of their individual abilities or limitations. We have seen the impact Jennifer's vision and creation of this organization is making, and has made, a difference in the lives of many individuals, but also within the community at large.

As family, we are honored to support Jennifer (Robert's sister) in this amazing endeavor that she has created and works to grow and expand. Her passion is an inspiration for us as we see and hear about the many ways that this group touches so many lives - giving them purpose and visibility in the community. It takes many hands and hearts to keep this organization operating and growing. This is an organization with a huge heart and offering Hope.

Living in Southern California does not allow us the opportunity to be involved with The Alex & Ali Foundation in a hands-on way, but we offer our support from afar with our continued prayers and this sponsorship. It is our hope that we will be able to attend this gala once again in the future.

May lives be enriched and blessed because of the efforts by those that serve selflessly and the resources generated at this gala.

We dearly love our nephew, Alex and miss our precious niece - Hope and our beloved matriarch, Tess Grimm. May this sponsorship be received in their honors. They are precious in His sight.
